

The European Journal of Applied Business and Management (EJABM) publishes its Special Issue in January 2022, with papers selected from the International Workshop on Tourism and Hospitality Management (IWTHM2021) which was held at ISAG – European Business School, Porto, in 7 of May 2021.

The IWTHM2021 was the stage for presentations of excellent works in the areas of tourism and hospitality and allowed to link between the academia and practices. The members of the Organizing Committee of the IWTHM2021 are deeply thankful for all the researchers for attending the workshop. We had oral presentations made by the authors in English, Portuguese and Spanish, and participants from different countries (Brazil, Montenegro, Slovenia, Spain, Thailand, Canada, Czech Republic, Malaysia, Palestine, Macau, Colombia, Poland, and Ecuador).

The Special Issue of IWTHM2021 includes 4 articles presented at the conference, that were evaluated by a double-blind system, covering different areas of tourism and hospitality. The reader will have online access to the articles in the scope of tourism and hospitality. We invite all the researchers and those interested to read this edition, with original empirical and theoretical research articles.

We are deeply grateful to consider the EJABM for reading and publishing your research. The next regular issue of EJABM will be coming out in March.

Sincerely,

Ana Pinto Borges, PhD
Editor, European Journal of Applied Business and Management
